

Yellow Thunder Amateur Radio Club Meeting Minutes for March 4, 2025

The meeting was called to order at 7:04 pm.

Secretary's Report

The minutes of the February 4th meeting were presented. Motion to approve the minutes made by Patrick (N9PCK), second by Joe (WB9SBD). Motion passed.

Treasurer's Report

We paid \$168.70 for the club's Zoom account. The current balance is \$xxxx.xx. We have bought the new repeater controller, but Brad (KB9VMC) hasn't gotten to it yet.

Old Business

There was no Old Business.

New Business

We now need a fob to access the City Services building. Hopefully, we'll have access to one by the April meeting.

Field Day-We have a phone operator and Watertown has a FT8 operator. We still need people from all the participating clubs to sign up so we know who will be operating on what bands and what methods.

Balloon Project-Statz Mechanical is providing the building for the launch set up. Most of the equipment needed has been obtained. Joe still needs copper pc board material and terminal strips. Date is still to be determined.

Wisconsin QSO Party- What name should we use for submitting logs?

We also need to get registered with the ARRL for the Circus City Swapfest.

Coming Events

The Jefferson Swapfest is March 16th.

Motion to adjourn made by Partick (N9PCK), seconded by Bob(KB9UOJ). Motion carried. Meeting Adjourned at 7:53 pm.

Respectfully Submitted,

Ray Sommerfeldt (KD9LNZ) Secretary,

Yellow Thunder Amateur Radio Club
